Course Basics

This program is recognised and approved by TRE for All, Inc. and is a TRE® Global Certification Training Program.

It consists of three Modules taught by Su Thomas & Anya Bloom. The Introductory Workshop/Module 1 may be attended by anyone as a stand alone Workshop to learn TRE® for Personal Use or to deepen their TRE® experience.

The Certification Program is designed to teach participants the skills needed to teach TRE®. On successful completion of the Program, a participant will be certified as a TRE® Certified Provider and is qualified to teach TRE® to Individuals and Groups.

A TRE® Certified Provider may teach TRE® alone or integrate it into other modalities, while distinguishing between TRE® and any other modality and teaching within their “scope of practice”.

A TRE® Certified Provider is not qualified to train or certify or give permission to another person to teach TRE® to others.

Until certified a Trainee may not receive payment for teaching TRE®
